In all P.G. programmes a project with 03 credits shall be included. The project may include a viva-voce examination with a credit of 1. Normally no theory course shall have more than 4 credits.

(ii) Elective Course : Means an optional course from the basic subject or specialization.

The core credits for any P.G. programme (inclusive of hard-core, soft-core and project) shall not exceed 60 credits and shall not be less than 48 credits. Each Board of Studies shall specify the core-credit load for their respective programme apart from approving syllabi, for all the courses offered by the department.

(iii) General Interest Course (GIC)

(iv) Each Course is designed such that it includes lectures/ tutorials/ laboratory or field work/ Seminar/ Practical training/ Assignments/ Term paper/ Report writing or review of literature and any other innovative practice etc., to meet effective teaching and learning needs.
v) **Attendance** :- Students must have 75% of attendance in each Core and Elective course for appearing the examination. However, student having attendance less than 75% may apply to the H.O.D. for condonation of attendance up to 15% under the provision of para 6-A (i) of Ordinance No. 6.

### IV. Registration for General Interest Course :-

i) Each student, on admission shall be assigned to a faculty advisor who shall advise the student about the academic programme and counsel him on the choice of courses listed in Appendix-Q depending on his general interest, academic background and objective.

ii) With the advice and consent of the faculty advisor the student shall register for courses he plans to take for the semester before classes start. No student shall be permitted to register for courses exceeding 30 credits per semester including those of repeat courses nor shall any student be permitted to register for any course without satisfactorily completing the prerequisites for the course except with the permission of the concerned teacher in the prescribed format.

IX. Grade Awards :-

(i) A seven point rating scale is used for the evaluation of the performance of the student to provide letter grade for each course and overall grade for the Master’s Programme. Grade points are based on the total number of marks obtained by him/her in all the heads of examination of the course. These grade points and their equivalent range of marks are shown separately in Table-I. The performance of the student in theory, practical, internal assessment, subjects shall be evaluated in accordance with following Table-I.

X. Computation of SGPA & CGPA

Every student will be awarded points out of maximum 10 points in each subject. Based on the Grade points obtained in each subject, the Semester Grade Point Average (SGPA) and then the Cumulative Grade Point Average (CGPA) are computed. The computation of SGPA & CGPA is as under:

Semester Grade Point Average (SGPA) is the weighted average of points obtained by a student in a semester and is computed as follows:

\[ SGPA = \frac{U_1 \times M_1 + U_2 \times M_2 + \ldots + U_n + M_n}{U_1 + U_2 + \ldots + U_n} \]

Where \( U_1, U_2, \ldots \) are subject credit of the respective course and \( M_1, M_2, \ldots \) are the Grade Points obtained in the respective subject (out of 10).

The Semester Grade Point Average (SGPA) for all the four semesters is also mentioned at the end of every semester.

The Cumulative Grade Point Average (CGPA) is used to describe the overall performance of a student in the course and is computed as under:

\[ CGPA = \frac{\sum_{n=1}^{4} SGPA(n) \times C_n}{n} \]

Where \( SGPA(n) \) is the nth Semester SGPA of the student and \( C_n \) is the nth Semester total credit. The SGPA and CGPA are rounded off to the second place of decimal.

XI. Internal Evaluation Method :-

(i) At the beginning of each course, every teacher shall inform his/her students unambiguously the method he/she proposes to adopt for the continuous assessment. Normally the teacher concerned may conduct three written sessional examinations spread periodically during the semester and select best two for contributing to the final marks.

(ii) At the end of each semester the Departmental Committee shall assign grades to the students.

(iii) The Departmental Committee shall prepare the copies of the result sheet in duplicate.
Every student shall have the right to scrutinize answer scripts of sessional/end-semester examinations and seek clarifications from the teacher regarding evaluation of the scripts immediately thereafter or within 3 days of receiving the evaluated scripts.

The Department shall display the grade points and grades for the notice of students.

The department shall send all records of evaluation, including sessional evaluation, for safekeeping to the Controller of Examinations as soon as all the formalities are over.

**XII. Grade Card**

The University shall issue at the beginning of each semester a grade card for the student, containing the grades obtained by the student in the previous semester and his Semester Grade Point Average (SGPA).

The grade card shall list:

(a) the title of the courses along with code taken by the student

(b) the credits associated with the course,

(c) the grade and grade points secured by the student,

(d) the total credits earned by the student in that semester.

(e) the SGPA of the student,

(f) the total credits earned by the students till that semester and

(g) the CGPA of the student (At the end of the IVth Semester)

**XIII.** At the end of the IVth semester, the University shall issue the statement of marks to the Students showing details of marks obtained by the student in each Head in each semester along with grade total marks.

**XIV. Power to modify and remove difficulties :-**

1. Notwithstanding anything contained in the foregoing, Hon'ble V.C. in consultation with the Dean of the faculty shall have the power to issue directions or orders to remove any difficulty.

2. Nothing in the foregoing may be construed as limiting the power of the University to amend, modify or repeal any all of the above.
