# About the Department

Department of Commerce, where the students meet with the required skills and gain knowledge.....

We believe Commerce Connects the Dots between Arts and Science and today many more subjects.

Commerce Department tries that students shall achieve great heights, they shall gather new skills, things every now and then.

It also focus on 360 Degree Development of the Students. Department has produced many merit students in the past years. Furthermore, in state level competitions like Avishkar students of the department became Colour coat holder. In such a way, wherever there is even a slight possibility, faculty at the department promotes students to go head and explore. Department also held various competition inter-college and inter-department competitions to make this journey more interesting and make the students more competent.

Because we at the department believe even a slightest ray of light can do wonders in a Student's Life.

**To make the world a Better Place with Commerce**

# **We at Department of Commerce believe,**

- ✓ Learning is a Lifelong Process.
- ✓ Learning is a collaboration among Parents, Department, and Society.
- ✓ Student's Development is our Priority.
- ✓ All students have the ability to Learn.
- ✓ Every student learns in different ways.
- ✓ Department must be supportive, and encouraging.
- ✓ Along with learning and gaining knowledge, values and ethics are also crucial.

# Teaching Learning Process

Department has been using different methods to provide best ever Teaching Learning Experience to the students. For instance,

- **Lecture Method**
- **Demonstration Method**
- **Team Teaching Method**
- **Problem Solving Method**
- **Project Handling**
- **Discussion Method**
- **Seminars**
- **Workshops**
- **Brain Storming**
- **Role Play**
- **Surveys and Market Studies**

## **Teaching Learning Process**

Faculty at the department works really very hard to provide the best of the essential to students. Students are provided with subject related learning materials, resources including handbooks, reference books, e-content materials, etc. In addition to that, Power Point Presentations, audio-visual aids are being utilized. Two different newspaper are called to promote reading and to make students aware about the happenings within and outside the country. They are encouraged to write research paper in their second year thus promoting inquisitiveness for research among the young generation. In various ways, Commerce Department is enriching knowledge, values, confidence , ethics etc. in students which will surely be utilized in the present and latter parts of they life.

## **Evaluation and Assessment**

Assessment has a crucial role to play when it comes to Education. It is an integral part of the learning process. It checks whether the students have gained the required knowledge or skill taught for a particular program. In this case, faculty at the department makes sure that the students understand the topic and concept well and proves the same when the examination time turn up. It is evident from the past results of the students which were in merit list that right guidance is provided by the faculty at the department. Along with the right guidance, timely information is communicated to the students about it considering the importance of the evaluation and assessment in education. The course follows CBCS Pattern in which internal assessment constitute 20% whereas University Examination constitute of 80% of the total weightage. Department supports students throughout the learning process till the final assessment so that these students don't fear to fly high in the sky of the professional world or working life....

# Nurturing Creativity

Creativity has become an essential part of work and life. Department develops creativity among students through various ways such as displaying their ideas and work on the Display Board. By giving them opportunity to perform in different activities, arranging various group discussion for students, by motivating them to participate in competitions within the University campus as well as outside the campus in colleges etc.

# Facilities for Students
