Preamble

Skills and knowledge are the motivating forces of the financial growth and economic development of any country, and India is no exception.

As India moves progressively towards becoming a global knowledge economy, it must meet the aspirations of youth and aim towards skilling them with the best possible standards. The skill development of the working age population is currently one of the top priorities for the country. This is evident by the progress India has made in recent years in this sector.

The Maharashtra Public University Act 2016 prescribes for Skill Education and made provisions in Chapter II, Section 5 (5) for recognition of empowered autonomous skills development colleges (Chapter II, section 5 (27) and autonomous Status is to be granted u/s 71 (7) of the Act, and under its Section 2 (5) and (6).

It is necessary to develop the procedure and processes for the same.

Objectives :-

- 1) To provide an umbrella for all the skilling activities being carried out by **Empowered Autonomous Skill Development Colleges** within the University area, thereby providing quality benchmarks in the concept, establishment and running of the various skilling initiatives.

- 2) To align various skill development programs to standardized norms and processes.
- 3) To monitor compliance to standards and norms by all training centers in an objective manner.
- 4) To increase the capacity and capability of the existing system in order to ensure equitable access.
- 5) To foster excellence in training centers ensuring effective and competency based training.
- 6) To enable trainees and other stakeholders to make informed choices with regard to training centre selection, upgrade skills through significant industry involvement and develop necessary frameworks for standards, curriculum and quality assurance.
- 7) Enhance, support and coordinate private sector initiatives for skill development.

(1) Definitions

Internship or On the Job Training: Industry Internship or On the Job Training (OJT) will serve the same purpose.

Placement: Employment or self employment of the trainee.

Empowered Autonomous Skill Development College (EASDC):

An Autonomous College within the jurisdiction of Sant Gadge Baba Amravati University, Amravati conducting training under various NSQF aligned job or identified skills in accordance with the guidelines laid down by the SSC or University and so designated and recognized by Sant Gadge Baba Amravati University, Amravati.

An EASDC will establish Training Centre with infrastructure which shall meet either of the following descriptions:

- i. Infrastructure that meets the minimum space requirements, as per applicable category of Skill, and can be suitably modified to comply with the changes in the norm.
- ii. Expansion of existing building/infrastructure to meet the minimum space requirements and comply with infrastructure guidelines.
- iii. Prefabricated construction, either in its entirety on unconstructed land or partial addition to an existing permanent constructed area to meet the minimum space requirements and the infrastructure guidelines.

Trainer: It means someone who trains, instructs, teaches or otherwise enables the learner(s) to acquire the appropriate knowledge and skills.

Skill: It means the ability to apply knowledge and use know-how to complete tasks and solve problems. Skills are described as cognitive (involving the use of logical, intuitive and creative thinking) or practical (involving manual dexterity and the use of methods, materials, tools and instruments).

Skill Programme: It is occupationally based and when completed will constitute credits towards a qualification registered on the NSQF or when completed will qualify for certification by the university.

Sector: It is a group of professional activities on the basis of their main economic function, product, service or technology.

Sector Skill Councils (SSCs): SSCs are industry-led bodies defining the skilling needs, concept, processes, certification, and accreditation standards of their respective industry sectors. The accreditation standards are a set of practices and concepts laid down by the SSCs pertaining to each job role, that provide guidance to the TCs on all relevant aspects of skilling. The SSCs prescribe the National Occupation Standards (NOS) and Qualification Pack (QP) for the job roles relevant to their industry and ensure that these are in accordance with the National Skill Qualification Framework (NSQF).

Programme: It means a coherent set of courses, leading to a certain qualification.

Learning Programme: It means the sequential learning activities, associated with curriculum implementation, leading to the achievement of a particular qualification or part qualification.

Short Learning Programme: It describes all short programmes, whether credits are awarded or not, and is inclusive of skills programmes, credit-bearing short courses and non-credit-bearing short courses.

Course: It refers to the content of the short learning programme whereby learners may progressively attain the applied knowledge as described in unit standards and/or qualifications.

Short Course: It is a type of short learning programme through which a learner may or may not be awarded credits, depending on the purpose of the programme.

Credit: It is a recognition that a learner has successfully completed a prior course of learning, corresponding to a qualification at a given level.

Credit-bearing short course: It is a type of short learning programme for which credits, in relation to the course's contribution to a unit standard and/or (part) qualification, are awarded.

Non-credit-bearing short course: It is a type of short learning programme for which no credits are awarded in relation to unit standards or (part) qualifications depending on the purpose and/or assessment of the programme.

Unit standard: It is a description of the outcomes of learning for which the learner will receive credits.

Outcome: It is the demonstrable and assessable end products of a learning process.

Exit-level outcome: An exit-level outcome has the same meaning, but is expressed as the overall result of learning for a qualification.

Learner: A learner refers to an individual undergoing skill development training, whether in a formal or informal setting.

Knowledge: It means the outcome of the assimilation of information through learning. Knowledge is the body of facts, principles, theories and practices that is related to a field of work or study.

Learning Outcomes: It represent what a learner knows, understands and is able to do on completion of a learning process, and which would be expressed in terms of knowledge, skills and competence.

Competence: It means the proven ability to use acquired knowledge, skills and personal and social abilities, in discharge of responsibility roles.

Qualification: It means a formal outcome of an assessment and validation process which is obtained when a competent body determines that an individual has achieved learning outcomes to given standards.
